COVID-19 Vaccine Distribution

Washington State has begun distributing COVID-19 vaccines. The distribution is happening in phases. We are currently in Phase 1B, Tier 1, meaning that the vaccine is available to:

- Anyone 65 and older
- People 50 and older who also live in a multigenerational household
- Health care workers at high risk for COVID-19 infection
- First responders
- People who live or work in long-term care facilities
- All other workers in health settings who are at risk of COVID-19

The next phases are:

1B, Tier 2: High-risk critical workers 50 years or older who work in certain congregate settings: Agriculture; food processing; grocery stores; K-12 (educators & staff); childcare; corrections; prisons, jails or detention centers; public transit; fire; law enforcement

1B, Tier 3: People 16 years or older with 2 or more co-morbidities or underlying conditions

1B, Tier 4: High-risk critical workers under 50 years who work in certain congregate settings (as noted in 1B, Tier 2). People, staff, and volunteers in congregate living settings: Correctional facilities; group homes for people with disabilities; people experiencing homelessness that live in or access services in congregate settings

Information on phases 2-4 are TBA.

Working Washington Small Business Grants

The Washington State Department of Commerce launched Round 3 of the Working Washington Small Business Grant from December 3 – December 11. The grant awarded up to \$20,000 for small businesses that had been affected by the pandemic. CAPAA launched a small social media campaign to encourage businesses to apply, including through limited translated materials. Additionally, CAPAA sent a newsletter to businesses we had previously contacted during the small business resource phone bank, sending them the application link and information for those who had not been able to apply previously or did not receive a grant.

Washington Immigrant Relief Fund

In October, Governor Inslee announced the Washington State Immigrant Relief Fund, to assist Washington workers who miss work due to COVID-19, but are unable to access federal stimulus programs and other social supports due to their immigration status. While the fund is operational, eligible recipients will receive \$1,000, with a limit of \$3,000 per household. In his budget, the Governor is requesting \$10 million to maintain this fund, as well as additional funding to conduct a feasibility study on how to replicate the state's unemployment insurance program and other social safety nets to individuals regardless of citizenship status.

4. 2021 LEGISLATIVE & BUDGET PRIORITIES

2021 Legislative Session: The legislative session convened Monday, January 11th, and will end on Sunday, April 25th. Session will take place almost exclusively online. Legislative buildings will be closed to lobbyists and the public.

The 2021 legislative session will provide members of the public with the opportunity to sign in and testify directly from their homes, places of business, or wherever is most convenient for them. Using the electronic sign-in process already utilized by legislative committees, the public will be able to sign-in up to one hour in advance of a scheduled committee meeting to receive a unique Zoom link. Chairs will then

decide the order and length of public testimony as would be the case with an in-person committee meeting. Committee meetings and floor sessions can be watched live or after they're archived on TVW.

Fewer bills will be passed this Session compared to previous years. We are anticipating that committees will be meeting for fewer days, while floor action will take longer.

Notable legislative activities relating specifically to AAPI's include:

- 2021 API Legislative Week
- Day of Remembrance
- Lunar New Year
- MOCC POC Elected Officials Reception

2021 Budget: There are currently no legislative proposals to cut funding for CAPAA. We will be tracking the Senate and House budgets as they are released to see how they affect CAPAA and our communities.

Legislative Tracking & Advocacy:

CAPAA Project Manager Rosa Mai established an electronic bill tracking system using the online platform *Trello*.
